[TIPS FOR PCB STUDENTS - IMPORTANT ADVICE]

>> Tip 1: NEET is NOT Everything

NEET nahi clear hua to life khatam nahi hoti! B.Pharm, B.Sc Nursing, BPT, B.Sc Biotech, Agriculture - bahut options hain jo bina NEET ke ya kam score pe bhi mil jaate hain.

>> Tip 2: Don't Waste Drop Years Blindly

Maximum 2 drop years lena reasonable hai NEET ke liye. Agar 2 attempts mein nahi hua to parallel B.Sc/B.Pharm join karo aur saath mein NEET prepare karo (allowed hai).

>> Tip 3: Government College > Private College

Agar 1 Crore loan leke private MBBS karte ho to repay karne mein 10-15 saal lag sakte hain. Government college ki fees 1-25 Lakh total hai - ROI (Return on Investment) bahut better hai.

>> Tip 4: Explore Paramedical Courses

B.Sc Nursing, BPT, BOT, B.Optomety, BASLP, B.Sc MLT - yeh sab underrated courses hain with excellent placement records. Especially abroad jaane ke liye nursing sabse easy path hai.

>> Tip 5: Research is a REAL Career

India mein PhD karne pe Rs 37,000/month milta hai (JRF fellowship).
Post-doc ke baad faculty position = Rs 1-2 Lakh/month.
Abroad PhD = fully funded + excellent stipend.

>> Tip 6: Skill Development is KEY

Sirf degree se kaam nahi chalega. Additional skills seekho:

- Clinical Research certification (for pharma jobs)
- Good Communication (for patient handling)
- Digital Marketing (for own clinic promotion)
- Basic Data Analysis (for research)
- Foreign Language (for abroad opportunities)

>> Tip 7: Financial Planning

Education loan lena ho to SBI/Bank of Baroda/PNB se lo - interest rate 7-9% hota hai. Scholarship options explore karo:

- Central Sector Scholarship (MHRD)
- State Government Scholarships
- Institute-specific Merit Scholarships
- Private Scholarships (Tata Trust, Reliance Foundation etc.)
- Education Loan + Interest Subsidy for EWS
